Zelikovic, Israel, 171
Zeller, W Patrick, 523, 719

A

Abdomen, acute, from femoral venous catheter — 175

Abdominal pain, evaluation of erythrocyte sedimentation rate in — 339

Actinomycosis, and plasma cell granuloma — 229

Acute dystonic reactions (ADRs), following doses of phenylpropanolamine — 57

Addison's disease, pseudotumor cerebri as presenting manifestation of — 711

Adolescents
- basal cell carcinoma in — 113
- biopsychosocial interview for — 79
- cerebrovascular disorders
  - following cardiac catheterization and balloon angioplasty in — 535
- with chronic laryngotracheal foreign body — 357
- hemangioma in — 669
- medical care for — 87

Adverse reactions, drug
- to cromolyn sodium — 707
- to lidocaine — 239
- to midazolam — 681
- to piperacillin — 475

Allergy
- cetirizine effectiveness in treatment of seasonal allergic rhinitis — 209
- mold as risk factor for persistent cold-like symptoms — 695

Amniotic epithelial cells (AEC) implantation, in Niemann-Pick disease — 141

Anemia, sickle cell — 75

Anesthesia, hyperkalemic cardiac arrest during — 9

Anesthetics, topical, compared with lidocaine infusion — 17

Aneurysms, vein of Galen, management of in neonates — 663

Angioplasty, balloon — 535

Ankle, tuberculosis of — 529

Antibiotic therapy. *See also names of specific antibiotics*
- diagnostic tests and management strategies for neonatal sepsis due to intrapartum use of — 617
- double-blind taste comparison of pediatric antibiotic suspensions — 193
- principles in use of — 207
- rationale for intrapartum use of — 563

Antiepileptic drugs — 513

Antimicrobial agents, parental issues in selection of — 201

Antireflux surgery — 25

Apnea, sleep. *See* Sleep apnea syndromes

Arachnodactyly, congenital contractural (CCA) (Beals syndrome) — 91

Attention deficit with hyperactivity disorder (ADHD)
- diagnosis and management of — 497
- pathophysiology of — 381
- and pervasive developmental disorder, differential diagnosis between — 555

B

Bacteremia, polymicrobial — 419

Bannayan-Riley-Ruvalcaba syndrome — 157

Basal cell carcinoma, in adolescents — 113

Batteries, as foreign bodies — 427

Beals syndrome (CCA) — 91

Beckwith-Wiedemann syndrome (BWS) — 157

Bioethics, of HIV in children — 573

Biopsychosocial interview, for adolescents — 79

Body image, perception of, and bodyfat analysis — 415

Bodyfat analysis, and perception of body image — 415

Bottlefeeding. *See* Nutrition

Botulism, infant — 591

Bourneville's disease. *See* Tuberous sclerosis

Breastfeeding. *See* Nutrition

C

Cardiology, future of pediatric — 249

Catheterization
- cardiac — 535
- femoral vascular, in critically ill infants and children — 311
- femoral venous, and acute abdomen — 175
- interventional, for congenital heart disease — 125

Cerebral gigantism. *See* Sotos syndrome

Cerebrospinal fluid (CSF), normocellular in meningococcal meningitis — 351

Cerebrovascular disorders
- following cardiac catheterization and balloon angioplasty in adolescent — 535
- management of aneurysms in cerebral veins in neonates — 663

Cervical adenitis, nontuberculous mycobacterial — 403

Cetirizine, effectiveness in treatment of seasonal allergic rhinitis in children — 209

Childhood, influence of social changes on — 373

Children at risk, protective policies and pediatrics — 625

The Children's Services, Inc. Task Force of Greater Cleveland — 625

Cholestasis, benign recurrent intrahepatic, and rifampin therapy — 483

Cholesterol screening, influence in reducing cholesterol levels in children — 267

Chorea, steroid-resistant associated with lupus, treatment of — 659

Chromosome 8 — 39

Chromosome 22q11 deletion syndrome, update and review — 253

Ciprofloxacin *versus* tobramycin, in bacterial conjunctivitis — 435

Clinical Linguistic and Auditory Milestone Scale (CLAMS) — 635

Clonidine-HCL patch, use in treatment of steroid-resistant chorea associated with lupus — 659

Coagulation abnormalities — 141

Computer-based vaccination registry *vs.* parental vaccination cards — 217

Congenital contractural arachnodactyly (CCA) (Beals syndrome) — 91

Congenital disorders
- congenital adrenal hyperplasia — 719
- congenital contractural arachnodactyly, — 91
- congenital hypothyroidism — 177
- congenital malaria — 411
- Factor XIII deficiency — 53
- heart disease — 125
- heart disease in Down syndrome — 327

Conjunctivitis, bacterial, ciprofloxacin *versus* tobramycin in — 435

Cough, with chronic laryngotracheal foreign body — 357

Cow milk, effects on iron stores of prolonged bottle feeding — 569

Cramps, leg, in children — 69

Creutzfeldt-Jakob disease (CJD). *See* Prion diseases

Critical illness, femoral vascular catheterization in — 311

Cromolyn sodium, adverse reactions to — 707

Crying, effect of on infrared tympanic temperature measurement — 487

Cystic fibrosis, paranasal sinus mucocele in — 595

D

Dehydration, laboratory predictors of fluid deficit in — 395

Dental emergencies, nontraumatic — 333

Desmopressin intranasal spray, in treatment of long-term nocturnal enuresis — 455

Development, fetal. *See* Fetal development, and fetal activity levels

Diabetes, maternal, and prenatal overgrowth — 157

Diarrhea, acute, soy fiber in — 135

Disabled children, percutaneous endoscopic gastrostomy in neurologically — 25

Dopamine, in attention deficit with hyperactivity disorder — 381

Down syndrome
- impact of surgery for congenital heart disease on life expectancy and social adaptation in — 327
- nutritional rickets in — 235

Dysplasia, transient myeloid, due to valproic acid — 361

Dystonia, acute. *See* Acute dystonic reactions (ADRs)

E

EEG, as predictor of febrile seizure recurrence — 31

Elejalde syndrome — 157

Emergency department (ED)
- and childhood poisonings — 467
- key to reducing use of — 63
- nontraumatic dental emergencies in — 333

EMG syndrome. *See* Beckwith-Wiedemann syndrome (BWS)

Endoscopy, paradoxical reactions associated with midazolam use in — 681

Endotoxemia, following enteral refeeding — 523

Enteral feeding, endotoxemia following — 523

Enteropathy, autoimmune, and response to tacrolimus — 295

Enuresis, nocturnal, long-term treatment of — 455

Enzyme replacement therapy — 147

Epilepsy, drug treatment of — 513

Epiloia. *See* Tuberous sclerosis

Epithelial cells implantation, amniotic, in Niemann-Pick disease — 141

Erythrocyte sedimentation rate (ESR), evaluation of — 339

Exomphalos-macroglossia-gigantism syndrome. *See* Beckwith-Wiedemann syndrome (BWS)

F

Factor XIII (fibrin stabilizing factor) deficiency, congenital — 53

Femoral catheterization. *See* Catheterization

Fetal development, and fetal activity levels — 279

Fever, evaluation of erythrocyte sedimentation rate in — 339

Fibrin stabilizing factor (Factor XIII) deficiency, congenital — 53

Fluid deficit, laboratory predictors of in dehydration — 395

Fluoroquinolone therapy, indications for — 445

Fontan procedure — 599

Foreign bodies
- laryngotracheal — 357
- nasal — 427
- tracheobronchial tree — 701

48,XXYY males — 39

47,XXX females — 39

47,XXY males — 39

47,XYY males — 39

Fragile X syndrome — 39

Fusobacterium infection. *See* Lemierre's syndrome

G

Gagging, with chronic laryngotracheal foreign body — 357

Gargoylism. *See* Hurler syndrome

Gastrostomy, endoscopic percutaneous, without antireflux procedure — 25

Genetic disorders — 37, 39, 157. *See also names of individual diseases and syndromes*

Gerstsmann-Sträussler-Scheinker (GSS) syndrome. *See* Prion diseases

Gigantism. *See also* Overgrowth
- Beckwith-Wiedemann syndrome — 157
- infants — 157
- Sotos syndrome — 91

Glomerulonephritis, poststreptococcal, neurological presentation of — 105

Granuloma, plasma cell, and actinomycosis — 229

Group *versus* individual child health supervision — 685

Growth hormone, sleep apnea in patients receiving — 321

H

Head injuries, symptomatic blunt — 461

Health supervision, group *versus* individual child — 685

Heart disease
  impact of surgery for in Down syndrome — 327
  interventional catheterization for congenital — 125

Hemangioma, in adolescent female — 669

Hemochromatosis, neonatal — 607

Hemoglobin variant, newborn screening for fast — 75

Hemorrhage, intraventricular, incidence of acute and remote seizures in — 643

Hemostasis, in Niemann-Pick type Is — 141

HIV, in children, bioethical aspects of — 573

Homocystinuria — 91

Human immunodeficiency virus. *See* HIV

Hurler syndrome, microcephaly in — 51

Hypercalcemia, familial hypocalciuric — 547

Hyperkalemia, cardiac arrest due to during anesthesia — 9

Hyperplasia, congenital adrenal, and bilateral ovarian cysts in neonate — 719

Hypertension, reversible pulmonary, due to adenotonsillar hypertrophy — 599

Hypertrophy, adenotonsillar, and reversible pulmonary hypertension — 599

Hypocalcemia, late-onset neonatal — 547

Hypoglycemia, neonatal — 675

Hyponatremia, neonatal, associated with congenital hypothyroidism — 177

Hypothyroidism, congenital, neonatal hyponatremia associated with — 177

I

Idiopathic intracranial hypertension. *See* Pseudotumor cerebri

Immunization, childhood
  computer-based vaccination registry *vs.* parental vaccination cards — 217
  pediatric residents' beliefs about — 129

Influenza A, acute kidney failure from rhabdomyolysis following — 479

Internet, and the pediatrician — 505

Interventions, no longer recommended — 273

Intracranial injury. *See* Head injuries

Iodine disinfection, maternal topical, and neonatal thyroid function — 109

Iron stores, effect of prolonged bottle feeding on — 569

K

Ketogenic diet — 513

Kidneys
  acute failure, from rhabdomyolysis following influenza A — 479
  neurological presentation of poststreptococcal glomerulonephritis — 105
  polycystic, and tuberous sclerosis — 603

Klinefelter's syndrome — 39

Kuru. *See* Prion diseases

L

Laceration repair, lidocaine infusion compared with topical anesthetics during — 17

Leg cramps, in children — 69

Lemierre's syndrome — 715

Lidocaine
  infusion compared with topical anesthetics — 17
  methemoglobinemia associated with — 239

Limp, evaluation of erythrocyte sedimentation rate in — 339

Lupus. *See* systemic lupus erythematous (SLE)

M

Malaria, congenital — 411

Marfan syndrome — 91

Marshall-Smith syndrome — 157

Measles, and subacute sclerosing panencephalitis (SSPE) — 149

Meningitis
  meningococcal, and normocellular CSF — 351
  staphylococcal, secondary to sacral osteomyelitis — 301

Methemoglobinemia, associated with Prilocaine-Lidocaine cream — 239

Microcephaly, in Hurler syndrome — 51

Microcythemia — 75

Microcytosis. *See* Microcythemia

Midazolam
  paradoxical reactions associated with use in endoscopy — 681
  sedation with in pediatric intensive care unit — 449

Morning reports (MR), pediatric
  analysis of — 585, 589
  appraisal of — 581

Mosaicism — 39

Mucocele, paranasal sinus, in cystic fibrosis — 595

Multiple neuroma. *See* Neurofibromatosis I

Munchäusen syndrome by proxy — 415

Muscle cramps, legs — 69

Mycobacteria, nontuberculous, and cervical adenitis — 403

Myeloid dysplasia. *See* Dysplasia, transient myeloid

Myopathies, occult — 9

N

Necrobacillosis. *See* Lemierre's syndrome

Neonatal sepsis, and intrapartum antibiotic therapy. *See* Sepsis, neonatal

Neurofibromatosis I — 157

Neuromatosis. *See* Neurofibromatosis I

Nevo syndrome — 157

Niemann-Pick (NP) disease type Is — 141

Nutrition
- breastfeeding, effect of early supplementation on long-term — 345
- breastfeeding and maternal phenylketonuria — 539
- counseling influence in reducing cholesterol levels in children — 267
- endotoxemia following enteral feeding — 523
- ketogenic diet — 513
- prolonged bottle feeding effect on iron stores — 569

O

Obesity, bodyfat analysis in — 415

Occult myopathies — 9

Osteomyelitis, staphylococcal meningitis secondary to sacral — 301

Ovarian cysts, bilateral, and congenital adrenal hyperplasia in neonate — 719

Overgrowth, disorders associated with — 39, 91, 157

P

Panencephalitis, subacute sclerosing. *See* Subacute sclerosing panencephalitis (SSPE)

Parents
- and issues in selection of antimicrobial agents for infants and children — 201
- utilization of poison centers by — 467

Pediatric residents, beliefs about preschool immunization practices — 129

Penicillin-resistant systemic pneumococcal infections, risk factors for — 187

Percutaneous endoscopic gastrostomy (PEG), in neurologically disabled children — 25

Perlman syndrome — 157

Persistent cold-like symptoms (PCLS), mold allergy as risk factor for — 695

Pervasive Developmental Disorder — Not Otherwise Specified (PPD — NOS) — 555

Phenylketonuria (PKU), maternal, and breastfeeding — 539

Phenylpropanolamine, acute dystonic reactions (ADRs) following doses of — 57

Pineal cyst, in precocious puberty — 543

Piperacillin, inducement of seizures by — 475

Plantar reflex, neonatal. *See* Reflex, Babinski

Platelet aggregation abnormalities — 141

Pneumococcal infections, systemic, risk factors for penicillin-resistant — 187

Pneumothorax, nonfatal symptomatic spontaneous, and urinary tract malformations — 239

Poisonings, childhood — 467

Postanginal septicemia. *See* Lemierre's syndrome

Prenatal overgrowth conditions — 157

Preterm infants, developmental screening for high-risk — 635

Prilocaine-Lidocaine cream, methemoglobinemia associated with — 239

Primary care physicians (PCP), with ED gatekeeping responsibility — 63

Prion diseases — 1

Propofol sedation, in terminal care — 291

Pseudotumor cerebri, as presenting manifestation of Addison's disease — 711

Puberty, precocious, pineal cyst in — 543

R

Radiographs, chest, neonatal respiratory distress syndrome and first — 285

Recklinghausen's disease. *See* Neurofibromatosis I

Reflex, Babinski, in neonates — 649

Renal failure, acute. *See* Kidneys: acute failure

Residents
- beliefs about preschool immunization practices — 129
- diagnostic impression in sexual abuse cases — 691

Respiratory distress syndrome, neonatal, and first chest radiograph — 285

Rhabdomyolysis, acute kidney failure from, following influenza A — 479

Rickets, nutritional, in Down syndrome — 235

Rifampin therapy, in benign recurrent intrahepatic cholestasis — 483

S

Scoring systems, comparison of neonatal severity of illness — 223

Screening
- cholesterol — 267
- developmental, for high-risk preterm infants — 635
- newborn, for α-thalassemia trait — 75

Sedation
- with intravenous midazolam in pediatric intensive care unit — 449
- with propofol in terminal care — 291

Seizures
- acute and remote, incidence in intraventricular hemorrhage — 643
- drugs for epileptic — 513
- piperacillin-induced — 475

Sepsis
neonatal, due to intrapartum antibiotic therapy — 563, 617
polymicrobial — 415

Severity of illness scoring systems (SISS), comparison of neonatal — 223

Sexual abuse, examiner's diagnostic impression of — 691

Sickle cell trait — 75

Simpson-Golabi-Behmel syndrome — 157

Sleep apnea syndromes, in patients receiving growth hormone — 321

Sotos syndrome — 91

Soy fiber, in acute diarrhea — 135

Staphylococcal meningitis. *See* Meningitis, staphylococcal

Stickler, Gunnar, tribute to — 615

Stroke. *See* Cerebrovascular disorders

Subacute sclerosing panencephalitis (SSPE), fulminating — 149

Surgery, for congenital heart disease in Down syndrome, impact on life expectancy and social adaptation — 327

Synovitis, pigmented villonodular (PVNS), wrist — 423

Systemic lupus erythematous (SLE), treatment of steroid-resistant chorea associated with — 659

T

Tacrolimus, response to in autoimmune enteropathy — 295

Taste comparison, double-blind, of pediatric antibiotic suspensions — 193

Teebi syndrome — 157

Terminal care, propofol sedation in — 291

Testicular torsion, bilateral neonatal — 653, 657

α-thalassemia trait (α-thal-1) — 75

Thyroid function, neonatal, and maternal topical iodine disinfection — 109

Tobramycin *versus* ciprofloxacin, in bacterial conjunctivitis — 435

Tracheobronchial tree, foreign bodies in — 701

Trisomy 8 — 39

Trisomy 8p — 39

Trisomy X — 39

Tuberculosis, of ankle — 529

Tuberous sclerosis, with polycystic kidneys — 603

Tympanic temperature measurement, effect of crying on infrared — 487

U

Urinary tract malformations, and nonfatal symptomatic spontaneous pneumothorax — 239

U.S. Preventive Services Task Force Report (1996) — 273

V

Vaccination registry, computer-based, vs. parental vaccination cards — 217

Valproic acid
transient myeloid dysplasia due to — 361
use in treatment of steroid-resistant chorea associated with lupus — 659

W

Weaver syndrome — 157

Wrist, pigmented villonodular synovitis (PVNS) of — 423
